

# Elicit

Diagnostic assessment: What do you know about “What is Science?”

NOTE: Plan future activities around ‘*What is known*’.

E.g. Select groups based on prior knowledge, differentiate content and assessment. Allow time between Elicit and final work plan.

## Possible Aids

- Brainstorm, Hot Potato, Evaluation, Grouping, Concept Map ([Text2Mindmap](#) , [Bubblus](#) , [Mindomo](#) , [Inspirations](#) , [cMap](#) )
